HEIGHT: 14.1 hh

STALLION BREEDING CONTRACT

2018/2019 Breeding Season

Section 1 - Collection of Semen:

Semen will only be provided after the service fee, collection fee and transport fees have been paid in full and this stallion contract has been completed /signed and received by agent/or owner.

The Service Fee of \$1,200 is non-refundable and non-transferable; they cannot be sold to another party.

There is a Semen collection and packaging fee for transport of \$325.00 and Transport fee to Airports around Australia of \$125.00, which is payable by the mare owner.

Mare Owners responsibility to organize pick up with their own vet at the mare owners cost or to pick up from airport personally.

The stallion owner accepts no responsibility for delays in freight to the mare owners identified location once the semen has left the stallion owners collection point.

Baldivis Veterinary Hospital will collect and package the semen of Pav Nespresso, and require approximately two days' notice prior to doing a semen collection. Baldivis Veterinary Hospital can be contacted on (08) 9524 1466.

WA Breeders are responsible for the pickup and delivery to their own vets at the mare owners' expense and responsibility.

Each collection after the initial payment for WA Breeders is \$325.00 and needs to be paid to the Stallion Owner prior to semen collected.

Semen will only be provided for a Vet Surgery or AI Technician to perform the insemination.

Section 2 – Conditions and Live Foal Guarantee:

Pav Nespresso has a Live Foal Guarantee up to 3 days of a foal being born.

A substitute mare can be used if the original mare proves to be a difficult breeder. Substitute mares details are to be filled out on form and approved prior to collection.

The mare owner must have the mare scanned before 18 days after insemination checking for twins and pregnancy status or the LFG will not be valid. A scan between 40 and 60 days is recommended.

Service Certificates will be given to Mare Owners at the end of the breeding season.

In the event that Pav Nespresso is injured or dies, frozen semen will be supplied or \$1,000 will be returned to the mare owner. The stallion owner will be the deciding factor.

In the event that the service is used in an Embryo Flushing program, only one embryo is to be kept and any other embryos are to be aborted by a vet. If more than one embryo is recovered, the full service fee is payable in accordance to the breeding contract. It shall be paid in full within 30 days of last post breeding test as per contract. The LFG applies to each embryo.

Section 3 – Payment Options

Please scan and email your completed and signed Breeders Contract to info@pavnespresso.com.au. We will then send you an invoice with payment details.

Full Payment guarantees and secures a breeding to Pav Nespresso this season.
